As we listen, study, learn and discuss

and ACTIVITIES

as we work and play

ones County Junior College has been guided through the years by outstanding men who have served as members of the Board of Trustees.

Those who have served have had the vision, the dreams, and the determination to build an institution. Your vision has brought into reality the institution as it is today, and we hope the goals you have set for the future will be realized.

We, the Yearbook Staff, through this dedication, express our deep appreciation for the services you have given and the opportunities provided. We pay sincere tribute to you, our Board of Trustees.
